Page 33, Diagram and Chart: - Attached to this document.

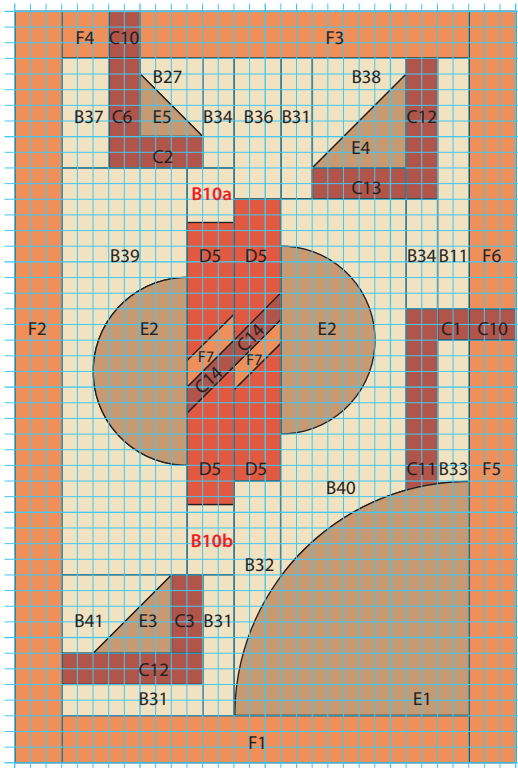

Both the chart and the diagram have corrections, which are shown in **red font** on the pdf. Previously there were two B10 pieces that were the same size. The correction has a B10a and a B10b piece that are two different sizes.

Page 35, Step 12:

Second sentence in Step 12 should read: The quarter-circle will have a finished radius of **15"**.

PIECING THE CENTER SECTION AND ADDING THE BORDER

The center section is no different from what we have already done with the border and corner blocks, except for inserting the quarter- and half-circles. These are really quite easy to do, and detailed instructions are on pages 55–58.

Label center section pieces.
