

Errata for Star Struck Quilts #10740

Page 32, Triple Star Splendor project:

The Strip 3 cutting diagram shows the angle of measurement incorrectly. The diagram at right shows how to correctly measure the 8" for the strip.

The corrected diagram is attached.

Page 49, Midnight Star project:

In both the Materials and Cutting sections, the following text changes are needed:

Change:

Dark red to Lightest red

Medium red to Light red

Light red to Medium red

Lightest red to Dark red

The corrected page is attached.

Cut 8 long left diamonds.

The diamond layout in the center of *Midnight Star* was created by strip piecing. The background squares were pieced with four 8-pointed stars before the borders were added.

When choosing the fabrics for the diamond layout, use tone-on-tone prints, marbled fabrics, or solids rather than multicolored prints that will distract your eye from the pattern as a whole. It is also important that you choose four distinct values of the four red fabrics in the star points to keep the quilt from getting a big mass of red circling the star.
